# PAC Updates

## December PAC Meeting

The PAC general meeting will be held on December 10 from 8:00-9:00pm in the library.

## Scholastic Book Fair

This year's Scholastic Book Fair was our best ever!! We earned \$2,547 to spend on books for the library and classrooms. Thank you very much to all the volunteers who helped make this book fair a huge success, and a special thanks to Ingrid for all your hard work!

## Pizza and Purdy's Fundraiser

The PAC would like to thank the Aubrey community for supporting this fundraiser and making it a success. We made \$515.29 on the Purdy orders, \$1,200 on the Panago orders, and \$230 on the Dominos orders. Thanks to May, Marcia, and Shazia for organizing this fundraiser.

## New Couch

Aubrey's Foyer has a great new addition. We are happy to announce that a new, \$400 couch has been generously donated to Aubrey. We would like to extend our gratitude to the anonymous donor for making this contribution to our school!

## Thank you Teachers

The Aubrey PAC would like to acknowledge and thank all the teachers donating their time to make Aubrey the awesome place that it is. Whether it's coaching a team or putting on a musical, we recognize and appreciate all your efforts. You make Aubrey a better place!

## Important Safety Reminder

Dear Parents,

Last month, an Aubrey family faced a harrowing event - they were awoken before dawn by their carbon monoxide detector sounding an urgent alarm.

They called the fire department and were told "get out of the house immediately!" When the fire fighters arrived, it was found that it was not a false alarm, and that a malfunctioning gas-burning hot water tank had created CO gas in the home. All family members were taken to the hospital by ambulance, but were thankfully found to be unharmed.

CO gas is odor-less and colourless, and it is deadly. The ONLY way to detect it is with a carbon monoxide detector and alarm. If your home has an old-fashioned fire alarm, it likely does not have this function of being able to also detect carbon monoxide. This family wishes to strongly urge you to buy and install a dual function smoke and carbon monoxide detector (or several) for your home. Theirs saved their lives.

If you have any appliances that run on gas - furnace, boiler, stove, fireplace, bbq, etc - these could one day malfunction and cause such a result - in addition to having a CO detector installed in your home, please have your gas appliances serviced regularly. Thank you and stay safe!
