

October 2017 PAC Meeting – Principal's Report

Community Day Thank You – We could not have put this on without the support of the parent community. This was truly a community effort!

iGirl and iGuy – The grade 6/7's participated in this program on October 16th and 17th. Thank you for your ongoing support of this program

Peer Pressure, Self-image
Last week's Pro-D Days – Staff attended the "Super Conference" and we spent time on communicating student learning.

"Report Cards" will look different this year. Students and their parents will have a clearer picture of the learning that is happening. 9 Aubrey teachers are participating in a learning cohort with other schools in the District.

School Growth Plan – review of data, identify a goal – Reading for Aubrey – if you can read well, you can teach yourself almost anything; school wide assessments, identification of students not yet meeting expectations, intervention plans, progress monitoring...tied in with our efforts in communicating student learning more effectively.

Halloween events – Pumpkin carving display and Costume Parade (2:15 pm)

Remembrance Day Assembly – Thursday, November 9th, after recess. Everyone is welcome. All students will be performing as part of the choir.

Staffing Challenges throughout Burnaby, and through the whole province – teacher shortages, EA shortages, reinstated contract language..... We have been very fortunate, over all, and are working hard to utilize to the max the resources that we do have.

Next Pro-D Day – Friday, November 24 – will continue to look at making student learning clearer, more relevant and more meaningful.

Email issues ongoing, as staff fall victim to phishing & spam. Working toward using MyEd as an alternative that would be more consistent
